

Feature	Value
Driving Type	Manuel
Lifting Type	Electric
Operating Voltage	220 Voltage- 380 Voltage
Capacity	2000Kg
Machine Lift Height	1600 Mm
Closed Height of the Machine	2000 Mm
Machine Width	115 Cm
Fork Lenght	115 Cm
Fork Width	160 Mm

Forks Far Right / Far Left (Overall Dimension)	90 Cm
Machine Weight	300 Kg.
Wheels	Polyamide
Brake	Manuel

The Reels Are Made of Cast Material.

Forks Can Be Manufactured As Fixed or Mobile

The Ekonomik Lift YES 2016 semi electric stacker is an industrial material handling vehicle developed to lift and transport loads using electric power. These products are used for loading and unloading goods onto trucks, factories, warehouses, containers, and other transportation vehicles. Its area of application is extremely wide.

The semi electric stacker has a load carrying capacity of 2 tons and a maximum lifting capacity of 1.6 meters.

Considered as a heavy-duty vehicle, the Ekonomik Lift YES 2016 semi electric stacker ensures the safe transportation of goods by employees. Its design takes into account safety considerations, positively impacting workplace safety. Made from high-quality steel, it allows for the transportation of very heavy loads, up to 2 tons. It has a lifting capacity of 1.6 meters. For detailed information about the product or to determine the most suitable product for your needs, you can contact our Machine Engineer Mr. İhsan through the WhatsApp section at the bottom of our website. We will be delighted to see you among our satisfied customers.
