

Feature	Value
Capacity	2.5 Ton
Distance between forks	540 mm
Min. Lifting Height	93 mm
Max. Lifting Height	200 mm
Fork length	1150 mm
Number of Front Wheel	2
Number of Back Wheel	4
Size of Front Wheel	200 x 50 mm
Size of Back Wheel	80 x 70 mm

CASTING PUMP IS USED IN THE PRODUCT.

Factories, supermarkets, cold storage facilities, warehouses, and industrial sectors rely on pallet trucks to easily move, load, and unload heavy loads such as raw materials, products, and materials from one place to another. Pallet trucks, also known as transpallets, are manually operated tools that enable these movements with human force. They are produced and classified with different features according to various sectors and loads. The classification generally includes manual pallet trucks, electric pallet trucks, and weighing pallet trucks. Weighing pallet trucks refer to the type of pallet trucks where the load is weighed during transportation and loading processes.

At İzmir Demir Lift, we specialize in producing weighing pallet trucks in the Economic Lift class. Our weighing pallet trucks stand out among their counterparts in terms of price-performance ratio due to their user-friendly design, domestic production, CE certification, 2-year service warranty, and lifetime spare parts availability guarantee.

The ECONOMIC LIFT 2.5 Ton Weighing Pallet Truck is one of the top performers in its class with a 2.5-ton load capacity and ±1 weighing accuracy. With a fork length of 1150 mm, the "ECONOMIC LIFT 2.5 Ton Weighing Pallet Truck" is also among the best in its class with a lifting capacity of 200 mm.

If you would like to learn more about this product, exchange information about the products you need, or inquire about custom production requests that meet your requirements, you can contact our Mechanical Engineer, Mr. İhsan, for further assistance. He will be able to provide information and address any questions or concerns you may have.

You can reach out to Mr. İhsan, our Mechanical Engineer, through the communication channels available on our website to access more information and economically obtain solutions tailored to your needs. We would be delighted to have you as one of the satisfied customers of İzmir Demir Lift.
