

Feature	Value
Driving Type	Manual
Lifting Type	Manual
Capacity	1500 Kg
Machine Lift Height	2500 Mm
Closed Height of the Machine	1800 Mm
Opening Height of the Machine	2800 Mm
Machine Width	115 Cm
Fork Length	115 Cm
Fork Width	140 Mm

Forks Far Right / Far Left (Overall Dimension)	90 Cm
Machine Weight	290 Kg.
Wheels	Polyamide
Brake	Manuel

The Reels Are Made of Cast Material.

Forks Can Be Manufactured As Fixed or Mobile.

THE PRODUCT IS MANUFACTURED TO BE CONVERTED TO THE ELECTRIC SYSTEM WHEN DEMANDED.

MS1525 Manual Stacker

Stacker machines, also known as pallet stackers, are used in various industries such as factories, supermarkets, and warehouses to transport, lift, and lower goods, materials, and products from one place to another. Manual stackers, in particular, are operated by human power and hydraulic pumps to perform horizontal and vertical movements. The class of manual stackers encompasses a range of machines with different features.

Among these machines, the MS1525 Manual Stacker stands out with its 1500 kg lifting capacity and 2500 mm lifting height. It is a popular choice among customers due to its domestic production, lifelong technical support and spare parts availability, and a two-year warranty provided by İzmir Demir Lift. For more detailed information about the MS1525 Manual Stacker and its technical specifications, you can click on the WhatsApp icon on our website and reach our machine engineer, Mr. İhsan, who will be glad to assist you. If you are uncertain about which product to choose based on your needs and budget, Mr. İhsan will be more than happy to help you find the best-suited solution.
