

Feature	Value
Driving Type	Manual
Lifting Type	Manual
Capacity	1500 Kg
Machine Lift Height	3000 Mm
Closed Height of the Machine	2150 Mm
Machine Width	115 Cm
Fork Length	115 Cm
Fork Width	140 Mm
Forks Far Right / Far Left (Overall Dimension)	90 Cm

Machine Weight	310 Kg.
Wheels	Polyamide
Brake	Manuel

The Reels Are Made of Cast Material.

Forks Can Be Manufactured As Fixed or Mobile.

THE PRODUCT IS MANUFACTURED TO BE CONVERTED TO THE ELECTRIC SYSTEM WHEN DEMANDED.

MS1530 Manual Stacker

Manual pallet stackers fulfill an important need for many warehouses and similar operations. When you require assistance in moving pallets and heavy items, these stackers come to your aid. They facilitate lifting through the use of a crane or hydraulic lifting mechanism, providing the operator with full control over the load. They also fit nicely into narrow spaces where forklifts and other lifting equipment cannot reach.

Manual pallet stackers provide full control over the lifting process with their crane or hydraulic lifting capacities, capable of lifting various loads. Designed to slide under pallets or other flat objects, these pallet stackers allow for the lifting and placing of light and heavy loads and transporting them on flat surfaces.

The MS1530 Manual Stacker, with a carrying capacity of 1500 kg and a lifting capacity of 3 meters, along with a fork width of 140 mm, possesses many features you are looking for. It has a fork length of 115 cm and a total weight of 310 kg.

At İzmir Demir Lift, we provide superior quality material handling equipment at competitive prices. We not only aim to meet your expectations but also exceed them, which is why many businesses rely on our customer-focused approach. Our solutions will enhance productivity and improve safety in your workspace.

If you are undecided about the product you are looking for or would like to obtain more information about the MS1530 Manual Stacker, please reach out to us through our communication channels.
