

Feature	Value
Driving Type	Manual
Lifting Type	Manual
Capacity	2000 Kg
Machine Lift Height	1600 Mm
Closed Height of the Machine	2000 Mm
Machine Width	115 Cm
Fork Length	115 Cm
Fork Width	160 Mm
Forks Far Right / Far Left (Overall Dimension)	90 Cm

Machine Weight	250 Kg.
Wheels	Polyamide
Brake	Manuel

The Reels Are Made of Cast Material.

Forks Can Be Manufactured As Fixed or Mobile.

THE PRODUCT IS MANUFACTURED TO BE CONVERTED TO THE ELECTRIC SYSTEM WHEN DEMANDED.

MS2016 Manual Stacker

A equipment used extensively in factory and warehouse environments to facilitate the easy and efficient stacking of block loads and pallets is called a stacker. Stacker machines are classified into different categories such as Manual Stacker, Electric Stacker, and Battery-powered Stacker, based on various needs. Manual Stackers refer to stackers where the lifting and movement capabilities are operated by an operator through hydraulic pumps.

The MS2016 Manual Stacker is a manual stacker machine designed, developed, and manufactured to assist with various lifting, stacking, and pallet handling tasks in the industry and commerce, providing exceptional long service life with minimal maintenance requirements.

The MS2016 Manual Stacker is operated manually and is very user-friendly. With its hydraulic pumps, it will easily lift your load and allow the operator to position it precisely as required. The MS2016 Manual Stacker will make the lifting applications onto a shelf or onto a vehicle much easier.

Produced after extensive research and development activities by Izmir Demir Lift Engineers, the MS2016 Manual Stacker is a domestically manufactured product that not only has a carrying capacity of 2000 kg but also has a lifting height of 1600 mm. In addition to its extra features such as lifelong spare parts supply and a 2-year warranty.

To obtain more information about the MS2016 Manual Stacker, you can directly contact our machine engineer, Mr. İhsan, by clicking on the WhatsApp icon on our website and get the most accurate information from the expert. Furthermore, if you have any doubts about choosing the right product for your business, Mr. İhsan will be pleased to assist you in finding the most suitable and cost-effective solution based on his expertise.

We are eagerly looking forward to having you among our satisfied customers. As Izmir Demir Lift, a company that manufactures products with 100% domestic capital, we will always be by your side for your professional needs.
