

Feature	Value
Driving Type	Manual
Lifting Type	Manual
Capacity	1500 Kg
Machine Lift Height	2000 Mm
Closed Height of the Machine	2450 Mm
Machine Width	115 Cm
Fork Length	115 Cm
Fork Width	140 Mm
Forks Far Right / Far Left (Overall Dimension)	90 Cm

Machine Weight	260 Kg.
Wheels	Polyamide
Brake	Manuel

The Reels Are Made of Cast Material.

Forks Can Be Manufactured As Fixed or Mobile.

THE PRODUCT IS MANUFACTURED TO BE CONVERTED TO THE ELECTRIC SYSTEM WHEN DEMANDED.

MS1520 Manual Stacker

The MS1520 Manual Stacker simplifies lifting, carrying, loading, and unloading, making them faster and easier. It is a step ahead of traditional pallet jacks and eliminates the need for manual lifting while handling pallets. It provides an economical alternative to forklifts and can be used in smaller spaces due to its compact size and weight. It is ideal for storage and light manufacturing applications. Offering competitive pricing and performance, the MS1520 Manual Stacker is a Turkish patented product that serves as the flagship of Izmir Demir Lift, established with 100% domestic capital.

MS1520 Manual Stacker Performance:

- Offers maximum maneuverability with its turn system.
- Ergonomically designed steering for simple and comfortable use.
- Equipped with high-quality hydraulic pump system.
- Effortlessly lifts using the latest hydraulic pump technology.
- Features robust and heavy-duty forks for maximum power.
- Optional adjustable forks for versatile applications.
- Can be manufactured with fixed or movable forks.
- Can be converted to an electric system upon request.
